Question Marks: Ranked 11th in the Suffolk County Pre-Season Division I. The Indians did not win a game last year however they played a lot of young players who could develop into a playoff team

Recruiting: Seniors Devin Chea, David Mendez and Michael Sano should play somewhere at the next level while junior Kenny Lazo has lots of athletic ability that college coaches want. Another junior to keep an eye on is Dallas Crespo.

Coach's Comments: The Indians have a great young core of players who have varsity experience that could lead to their first playoff spot since 2015. Are skills position and OL are this team's biggest strength. Coach Rich DeJesus now in his 2nd year
