## **Getting To Know: Anthony Catapano**

Anthony Catapano is a 6'2 280 senior OL/DL for Carey HS and is one of the reasons that Carey will be favored to win the Class II Long Island HS Football Championship for the 3<sup>rd</sup> straight year in 2015. He is one of the top lineman on Long Island and while it's 8 months from the 1<sup>st</sup> day that recruits can make their commitment official that didn't stop him from verbally committing to SBU recently so that he can concentrate on his senior season.

For a player of his size it should be noted that he is a very good Basketball/Baseball player and is very athletic in all 3 sports. Anthony is also a good student. He is not the only one in his family that is a good athlete as his older brother Ray played both Lacrosse/Football in HS and won the Thorpe award as the best player in Nassau County and is now playing at Southern Connecticut University.

I had the opportunity to talk to him on the phone and he is so down to earth and is a team player first and foremost with only one thing on his mind repeating in 2015 what they've done in 2013 and 2014.
