Question Marks: Ranked 9th in Suffolk County Pre-Season Division III. The Kingsmen will rely more on a running this year, however they do have receiving weapons and should not abandon the receiving game all together to keep defenses honest. If they are to have a good season the 17 underclassmen that played last must play like veterans after last years' learning experience.

Recruiting: Senior Vince D'Alto has committed to Stony Brook for Lacrosse while 2 other seniors; Andrew Greer and Matt Scully should play at the next level somewhere.

Coach's Comments: We are a bigger, stronger, faster team than last year and there are 17 players returning that played as underclassmen last year. The emphasis this year will be on the running game. Skill positions are very good and our play should be a lot better. The goal is to make the playoffs. Coach Mark O'Brien now in his 24<sup>th</sup> season
