Question Marks: Seeded 6th in Suffolk County Division I They have very good skill position players on offense however they must replace some players on the offensive line while they have a solid defensive core returning. If things fall right they could finish as high as 4th.

Recruiting: Senior Dallas Crespo is a Division Prospect while Kenny Lazo is the best athlete on the team however he wants to play basketball Steven Bohlman, Connor Mooney Jeffrey Cabrera should play in college. A senior who could develop into a DI prospect is Justin Ortega.

Coach's Comments: We are an experienced team who has the ability to make a big impact in the DI regular season and the playoffs. There are 6 starters returning on offense among them are Kenny Lazo our top rusher and 4 WR's and DI College recruit in Dallas Crespo at QB. On defense we return 7 starters 2DL, 2LB's and 3DB's. We are looking for our 1st playoff spot since 2015 Coach Rich DeJesus now in his 3rd season
